

How to Access Handouts:

Handouts for events occurring within the last year can be downloaded from our handouts site by following the steps below. Any presenter handouts we have received will be made available to you. Please note that not all presenters submit handouts.

1. Go to the handouts website www.SDE.com/handouts
2. Click on the year of the event you attended.

3. Find and click your event in the list displayed.
4. From there you will be brought to a google drive folder containing all relevant handouts.
5. Depending on the event you attended, you may need to open a strand or presenter folder to access the materials.
6. Download and Enjoy!
